

WFTDA Certification Appeal Form

By submitting this application for appeal, you are committing to the appeal process and all policies therein. If an appeal is denied it may result in a penalty of up to a 6-month delay until you may reapply for WFTDA Certification (e.g., Certification was denied on July 1st, 2015. Normally an Official could reapply in December 2015, however, a 6-month penalty would not allow the Official to reapply until June 2016).

Fill out the form below completely to initiate the appeal process. Incomplete forms will be rejected. Once complete, sign and email to Cert.Oversight@wftda.com. Appeals should include as much information and detail as possible about why an appeal should be granted. Please allow two to three weeks for the appeal outcome to be decided.
