What We Do:
Remote Studio Support

The Remote Studio receives **your video** (live or pre-recorded) and **mixes** in all the **extra elements** then **broadcasts** it to the world!

We also provide pre-event planning, technical guidance, and support to get you started.

- low/no cost
- no technical expertise necessary
- access to a global audience
- ad revenue and sponsorship opportunities
- ticket revenue replacement through Watch Pass sales
